

Early Explorers

Play Together

Play is more than just fun!

Play is how children learn best, and how they work out who they are, how the world works and where they fit into it.

Make sense of your child's senses

Children learn in the early years through engaging their senses and then making sense of these sensory experiences.

Enjoy movement

Gaining new motor skills helps children build new pathways in their brain, and each first skill helps the next!

What to bring?

Hat and Sunscreen
Clothes (to get messy in)
Drink bottle and snack

BUT MOST OF ALL.... children love to spend special time being close with you!!!
